

Amendments to the Claims:

The listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1 – 38. (Cancelled)

39. (Previously Presented) The implantable device of Claim 66, wherein the device comprises stainless steel and the surface of the device comprises a chromium oxide layer.

40. – 48. (Cancelled)

49. (Previously Presented) The implantable device of Claim 66, wherein the surface is metallic.

50. (Previously Presented) The implantable device of Claim 66, wherein the reservoir layer comprises a combination of polymers.

51 – 65. (Cancelled)

66. (Currently Amended) An implantable device comprising a coating, wherein the coating comprises the coating comprising:

- a) a reservoir layer comprising a polymer and a drug dispersed in the reservoir layer; and
- b) a primer region free from any drugs located between the reservoir layer and the surface of the device, the primer region comprising a material selected from a group consisting of polyester diacrylates, polycaprolactone diacrylates, polytetramethylene glycol diacrylate, polyacrylates with at least two acrylate groups, polyacrylated polyurethanes, triacrylates, and any combination thereof.

67. (Cancelled)

68. (Previously presented) The implantable device of Claim 66, wherein the device is a stent.
